The Supplier Performance Review is a report on a single company. This report is divided into four sections:

1. Company Overview

Contains basic location, contact, and operating data available on the company being evaluated. This information comes from Dun & Bradstreet and reflects the current contents of the Dun and Bradstreet record for this company and D-U-N-S number.

2. Supplier Performance Ratings

Provides the supplier's Summary Performance Rating, which is an assessment of likely overall performance, and a SIC-level benchmark, which indicates where the supplier's Summary Performance Rating falls in comparison to other rated companies in its SIC group. This section also provides Detailed Performance Ratings for key aspects of supplier performance.

3. Buyers Surveyed

Indicates the industries of the companies that have recently provided ratings on this supplier. Individual raters are not identified in order to preserve confidentiality.

4. Distribution of Feedback

Provides a breakdown of the survey responses received from raters of this supplier. For each of the survey questions, the responses, which were provided on a 0 to 10 scale, are categorized as "positive" (9 to 10), "neutral" (5 to 8), or "negative" (0 to 4).
